EVALUATION ADAPTATION

Instrument for evaluation	Moodle Tool	Percentage
Online exams	Questionnaire	50%
Document analysis	Task	10%
Problem solving	Questionnaire	10%
Clinical case	Questionnaire	30%
Total (100%)		100 %

General clarifications on instruments for evaluation:

"Not presented" grade will correspond to the student who has not taken part in a number of evaluable activities whose weightings on the final mark add up to more than 50% (Art. 80.4 of the Regulations on the Academic Regime of Undergraduate Studies).

For students who have taken part in assessment activities other than the final exam whose accumulated weighting on the final mark is over 50% and who have not taken the final exam for the subject, the teacher will state "Not presented" in the draft marks.

If during the revision process, the student does not express his/her disagreement with that mark, it will be consolidated as definitive. Otherwise, the student must inform the teacher and the definitive mark will be the weighted sum of the scores achieved in all the evaluation methods according to the criteria established in this addendum.
